

METRO GROUP

mum

**METRO MERCHANDISING
MANUFACTURERS**

**CURRENT LOCATIONS:
MUMBAI & NEW DELHI**

About Metro

- **The Metal Printers Company**, Mumbai that is our parent company, has been in existence for last 50 years. Thanks to the envision of Mr.O.N.Kapila who has been a pioneer in this field and has constantly worked towards providing the best technology to the imaging industry with a focus on investment in new technology. MPC was the first company in India in 1971 to install first generation Imaging Scanners in India which revolutionized the shift to high resolution scanning from traditional pre press methods.
- In 2001 MPC diversified into large format digital printing which led to the creation of MMT(Digital). MMT(Digital) was first company in India to successfully use the Thermal Transfer Process for extended outdoor life signage programs.
- In 2007 MMT(Digital) was the first company to install a six-color UV photo imager and gradually shifted their entire production into the non VOC based UV inks and away from the Older Solvent printing system which contains hazardous VOC's and offer a lower print quality. This shift was a tremendous transition which once again revolutionized the signage industry in India.
- At MMT, we believe in **Productivity, Quality, Service, Durability, Versatility** and provide unmatched production efficiency along with color reproduction and printing. MMT is the first company in India to Implement UV inks which have been awarded the Swan certification by the Nordic Test Institute for Zero VOC content.
- The group has won **International Special technical Achievement Award 2000- 2001 for light fastness on metal from International Metal Decorators Association, U.S.A.** In addition to this, MPC has won many **National Awards** given by the **President of India vide the Ministry of Information and Broadcasting for Excellence in Printing on Metal.**
- Our base is spread across three units in Mumbai (Metal Printing & Digital Printing),
- Marketing Operations in Kolkata
- One unit in Daman (Thermoforming + injection Molding)
- One unit in Delhi (Digital Printing)

DIGITAL PRINTING FACILITY – MUMBAI & NEW DELHI

UV DIVISION (100% VOC FREE INKS WITH NORDIC SWAN CERTIFICATION)

RHO 800

RHO 500

RHO 320

EQUIPMENT – INDUSTRIAL HI TECH FULLY DIGITAL UV SYSTEMS WITH REMOTE DIAGNOSTICS

- 2 DURST RHO 800 UV HYBRID FLATBED PRINTING SYSTEM – 2.5 MTRS X ANY LENGHT
- 2 DURST RHO 320 ROLL TO ROLL DIGITAL UV PRINTING SYSTEM – 3.2 MTRS X ANY LENGHT
- 1 DURST RHO 500 ROLL TO ROLL DIGITAL UV PRINTING SYSTEM – 5 METERS X ANY LENGHT
- 1 DURST RHO 600 HYBRID FLATBED PRINTING SYSTEM – 2 MTRS X ANY LENGHT

INSTALLED CAPACITY

- 10,000 28"x40" FINISHED SHEETS PER DAY

SLA

- 3 HOURS PROOFING AND NEXT DAY DELIVERY

DURST P5 TEX ISUB – FIRST INSTALLATION IN ASIA

- The sublimation printer with contactless inline fixation, available for up to 3.5-meter printing width. For seamless workflows, brilliant colors, and sustainable textile solutions.

One-step process
(Printing & fixation in a
single workflow)

One man
Operation

Unique sharpness
and color
Consistency

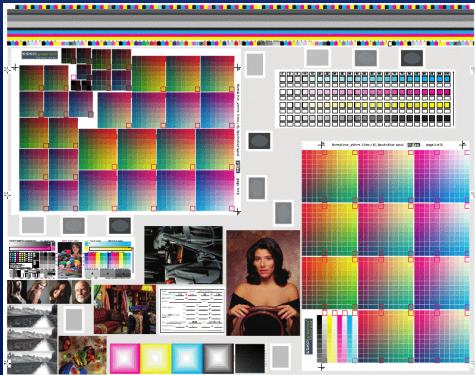

Energy cost
savings
of up to 60%

Foldable prints for
easy and cost
effective shipping

COLOUR MANAGEMENT PROCESS

- Each job is first viewed on the Eizo Colour Calibrated Monitor
- Soft Proof generated for Client approval before going to press
- Monthly Updates of Monitor Profiles to factor in any changes on the press.

- Illustration of Press G7 Targets used for both conventional offset and Digital presses.
- Calibration Frequency – 3 months

- Barbieri Spectro Photometer used for all colour calibration
- Reflection as well as Transmission

EMPLOYEE EXPERIENCE

- All supervisory line staff trained on equipment by machine manufacturer
- All engineering level staff trained locally and internationally by the equipment manufacturer
- Quality checks performed by personnel trained in basic colour management
- Extremely high retention level of employees
- Avg. service levels - > 15 years
- Background checks performed on all skilled and unskilled general workers

CERTIFICATES

Certificate of Registration

This is to certify that

METRO MERCHANDISING MANUFACTURERS
GROUND FLOOR PLOT NO.54/1, B & C, SAI COMPLEX G WING,
RINGANWADA, NANI DAMAN-396 210.

has been independently assessed by QRO
and is compliant with the requirement of:

ISO 14001:2015

Environmental Management System

For the following scope of activities:

**MANUFACTURING OF METAL POSTERS AND ALL POP ITEMS INCLUDING
ILLUMINATED AND NON-ILLUMINATED ALUMINIUM FRAME,
OTHER FURNITURES AND FIXTURES OF ALUMINIUM.**

Date of Initial Registration: 25th August 2021 Certificate Expiry: 24th August 2024
Date of this Certificate: 25th August 2021 Recertification Due: 24th August 2024

Certificate Number: 2021082557

Head of Certification

Validity of this certificate is subject to annual surveillance audits to be done successfully on or before 360 days from date of the audit. (In case of surveillance audit is not allowed to be conducted, this certificate shall be suspended - withdrawn).
The Validity of this certificate can be verified at www.greentest.com.
This certificate of registration remains the property of QRO Certification LLP, and shall be returned immediately upon request.
QRO Certification LLP is accredited by UK Accrediting Forum Limited, UK www.ukaf.org.uk/
5 Jupiter House, Calveva Park, Aldermaston, Reading Berkshire RG7 5SN UK

CERTIFICATE OF COMPLIANCE

Certificate Number

02/15/2016 - 02/05/2023
Certificate Period

Certified
Status

UL 2818 - 2013 Standard for Chemical Emissions for Building Materials, Finishes and Furnishings

Wall finishes are determined compliant using an Office Environment with an air change of 0.68 hr⁻¹ and a loading of 33.40 mg.
Products tested in accordance with UL 2818 test method to show compliance to emission limits in UL 2818, Section 2.1.

UL investigated representative samples of the identified Product(s) to the identified Standard(s) or other requirements in accordance with the agreements and any applicable program service terms in place between UL and the Certificate Holder (collectively "Agreement"). The Certificate Holder is authorized to use the UL Mark for the identified Product(s) manufactured at the production site(s) covered by the UL Test Report, in accordance with the terms of the Agreement. This Certificate is valid for the identified dates unless there is non-compliance with the Agreement.

FABRIC INFORMATION

- ❖ 100% Woven Polyester FR Grade with a Soft Textured Light Absorbing Surface.
- ❖ 100% Recyclable and can be also be sourced in a Recyclable format for Printing.
- ❖ Fire Retardant Grade B1 Classification.
- ❖ Extremely High Translucence and provides the highest Visual lumens amongst all Backlit Options.
- ❖ Ease of Use can be installed by the Store Staff. No external Intervention Required.

Metro Target Market Segments

Outdoor Signage

- MMT has been "turning heads" since we revolutionized the outdoor advertising industry with our proprietary UV digital printing system for large format printing sourced from Durst Phototechnik GmbH. Print Warranty up to five years.

In Store Visual Merchandising

- MMT has been "turning heads" since we revolutionized the outdoor advertising industry with our proprietary UV digital printing system for large format printing sourced from Durst Phototechnik GmbH. Print Warranty up to five years.

Metal Printing

- Winner of International Special Technical award 2000-2001 for light fastness on metal from International Metal Decorators Association, U.S.A

Thermoform Pack Displays

- Making great quality thermoformed display units with graphics at a competitive price has always been MMT's endeavor.
